Description:

The LEED Green Associate Exam Preparation Guide, LEED v4 Edition is designed to help you pass the LEED Green Associate exam. The exam prep guide captures the critical points you need to know about green building. It also reflects the structure of the exam knowledge and task domains to organize foundational concepts in green building and LEED. The exam prep guide will help you prepare for the exam by emphasizing key terms and providing application learning through practice

questions. This resource is intended to be used in conjunction with the exam primary references, including the LEED Core Concepts Guide. Access to a variety of digital resources that enhance learning is also included with this guide.
