Description:

Passport2Purity is a directed, engaging and interactive resource designed to be used by a mother and daughter or a father and son when the child is a preteen and to help parents discuss love, sex, and relationships with their preteen children. The materials may be completed over a weekend away from home, as the child may be more open to discussing the topics away from his or her normal environment. If a weekend away isn't possible, the material can be completed over a period of four

or five weeks.
